GLUTATHIONE SHOTS

NOURISH YOUR CELLS, NURTURE YOUR BODY

Glutathione shots are a powerful way to boost your body's natural detoxification process and achieve radiant, glowing skin. Known as the "master antioxidant," glutathione helps neutralize harmful free radicals, supports liver function and brightens skin by reducing pigmentation. These shots also enhance immunity and combat oxidative stress, helping you feel rejuvenated from within. Regular glutathione therapy promotes clearer skin, improved complexion and overall well-being, making it a popular choice for beauty and health enthusiasts.

₹4,000

PERSONALIZED SHOTS

NEUTRALISE TOXINS, REVITALISE HEALTH

Personalized shots are tailored wellness solutions designed to meet your body's unique needs. Whether you need an immunity boost, energy enhancement, skin glow or stress relief these customized injections deliver essential vitamins, minerals and nutrients directly into your bloodstream for fast and effective results. With expert consultation, each shot is crafted to target your health goals, ensuring optimal benefits. Personalized shots empower you to achieve better health, vitality and radiance — all personalized to you.

APS/-

L-CARNITINE SHOTS

FUEL YOUR ACTIVE LIFESTYLE

L-Carnitine shots are a trusted way to enhance fat metabolism and support weight loss efforts. By helping the body convert fat into energy, these shots boost endurance, stamina and athletic performance. Ideal for fitness enthusiasts, they also promote faster recovery, muscle repair and overall energy levels. Regular L-Carnitine injections not only support weight management but also contribute to improved cardiovascular health, making them a popular choice for those pursuing fitness and wellness goals.

₹3,500

MEET YOUR INGREDIENTS

ALLSTAR

Ascorbic Acid, Magnesium Chloride, Arginine, B12, B-Complex, Taurine, Zinc, Dexpantenol, Calcium Chloride

When done prior to the race, this drip can be a spring board to your best performance. The All star helps support all of your ligaments, tendons, and muscles that will be put to the test.

ALLERGY

Ascorbic Acid, NAC, Magnesium Chloride, Zinc

Allergic rhinitis is caused by an abnormal immune response due to allergens that enter the body from the environment. The immune response triggers an inflammatory cascade of free radicals and cytokines that create the symptoms. This drip contains high levels of antioxidants to neutralize that reaction.

THE DEBUT

Ascorbic Acid, Magnesium Chloride, Zinc, B-Complex, B12, Calcium Chloride

This gentle infusion, inspired by the classic “Myers Cocktail,” is a blend of vitamins and hydration intended to support immune function, energy, mental clarity, and general well-being.

FIRM

Ascorbic Acid, B-Complex, Biotin, B12

Proper nutrition significantly affects the health and aging of your skin. Without the correct micronutrients, skin can loosen creating more wrinkles and aging skin. For smooth, lustrous skin, make the Firm a part of your beauty maintenance routine.

FLU FIGHTER

Ascorbic Acid, Magnesium Chloride, Zinc

Nothing crushes a flu or a cold better than a strong immune system. This drip gives your body the fluids, vitamins, and minerals that your immune system needs to fight illness.

GLUTATHIONE

Glutathione has been gaining popularity in its use for many functions within the body, which is why it earned its own drip! Known as a powerful antioxidant, glutathione is used for anti-aging, maintaining general health, and keeping the body functioning at its best.

METABOLIZE

Ascorbic Acid, Magnesium Chloride, Pyridoxine, Zinc, B-Complex, Biotin, Dexpantenol, Bi-Amino OR Amino Blend, Calcium Chloride

Ready for a change? This drip is designed to improve fat oxidation, help regulate blood sugar and insulin levels, and convert nutrients into energy to support your weight loss journey.

POWERPACK

Ascorbic Acid, Dexpantenol, B12, B-Complex, Pyridoxine, Zinc, Magnesium Chloride, Taurine, Carnitine

It's like getting a bag full of energy! Free-radical neutralizing antioxidants and mitochondrial enhancing micronutrients... no wonder this is one of our most popular drips. As its name implies, this drip can be a source of energy boosting, micronutrient enhancing health support.

PRE-POST OP

Ascorbic Acid, Magnesium Chloride, Zinc, B12, B-Complex, Taurine or Amino Blend, Calcium Chloride

No matter how minor, surgery is a trauma and a shock to the system. This drip fills you with the nutrients your body needs to help you get through the procedure and to ensure a speedy recovery.

RESTORATION

Ascorbic Acid, Magnesium Chloride, Calcium Chloride, Zinc, B12, B-Complex, Taurine

For those times when too much of a good thing leaves you feeling not so great. The Restoration helps to flush toxins out of your body and provides you with micronutrients, antioxidants, and fluids to help accelerate your rehydration and recovery.

SHIELD

Ascorbic Acid, Magnesium Chloride, B12, B-Complex, Zinc, NAC

Your immune system is your Shield against infections and illness. Keeping your immune system working properly is the key to diminishing the risk of infections.

SOOTHER

Magnesium Chloride, Calcium Chloride, Taurine

As the Soother flows in, feel the stress flow out. Tense muscles and a tense mind travel together. The Soother gives aid to both.

TIME MACHINE

Ascorbic Acid, Taurine, Magnesium Chloride, Pyridoxine, B12

This is one of our most popular drips for people feeling well who want to stay that way. This drip gently pulls out lead and other toxic heavy metals while flooding your body with vitamins and nutraceuticals that support healthy arteries, healthy skin, healthy organs, and a healthy brain.

VITALITY

Magnesium Chloride, B12, Taurine, Ascorbic Acid, B-Complex, Arginine, Calcium Chloride, Carnitine

When you embrace and enjoy your sexuality, you promote your physical, emotional, mental and social well-being. This drip is designed to increase blood flow and heart health, stimulate hormone secretion, support arousal, and increase libido.

100% HYDRATION

1 Liter Lactated Ringers

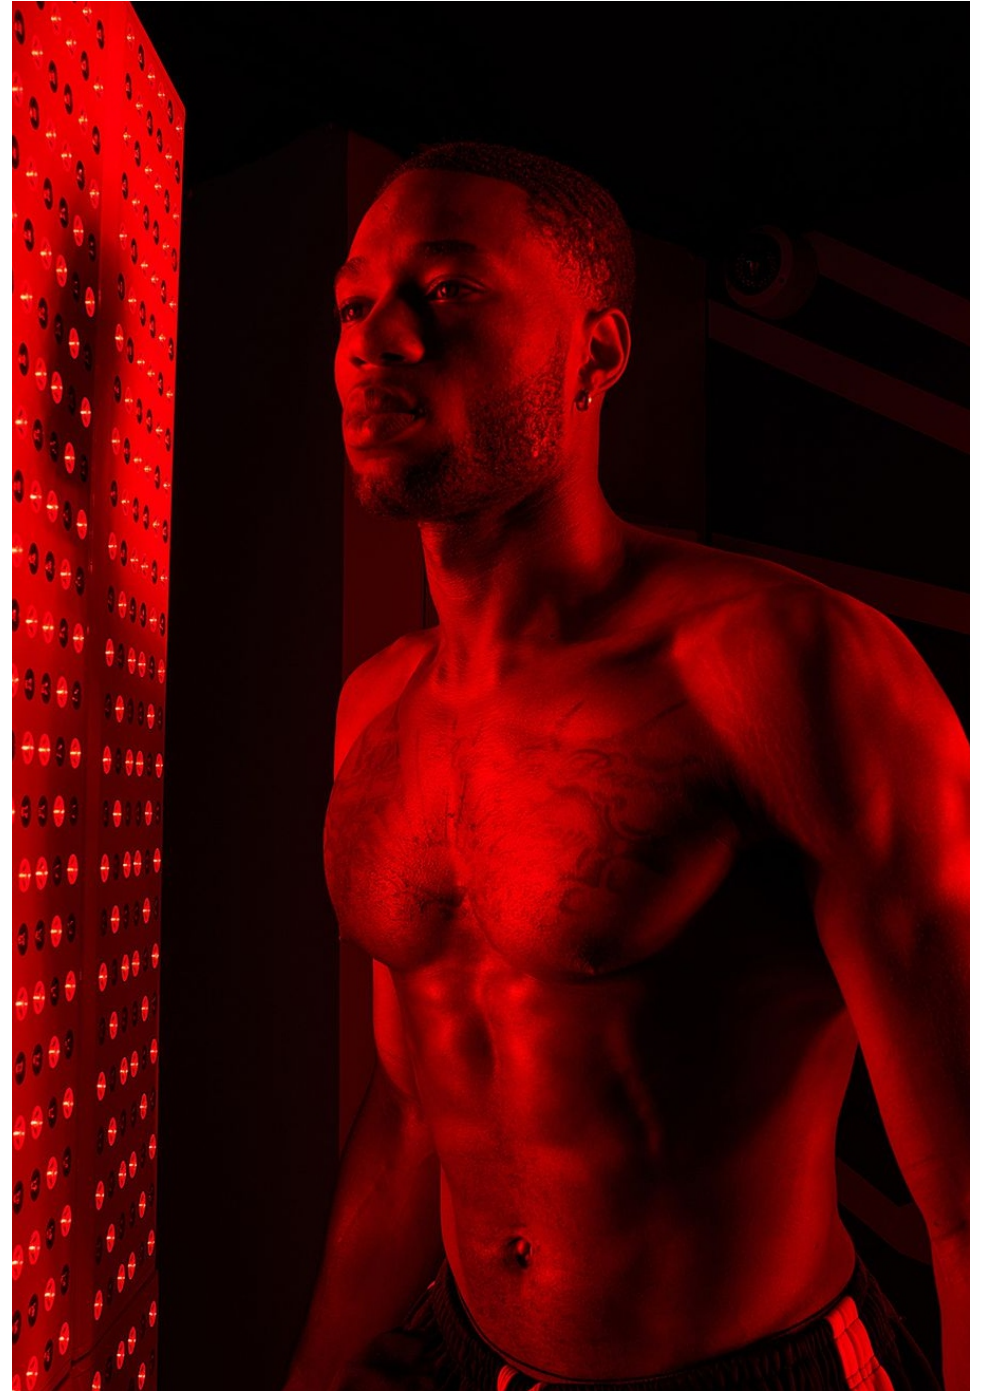

This drip provides fluids to give your body the proper level of hydration needed to feel rejuvenated and refreshed.

EPSON

BIOHACK

Rejuvenation & Recovery

CRYOSAUNA

Reboot your system with targeted cold therapy to reduce inflammation, accelerate muscle recovery, and increase energy. Ideal for recovery after workouts or daily stress relief.

CryoTherapy is a cutting-edge wellness treatment that uses extreme cold temperatures to promote recovery, reduce inflammation and enhance overall well-being. By exposing the body to subzero temperatures for a short duration, cryotherapy stimulates blood circulation, boosts endorphin production and accelerates muscle recovery. This therapy is widely used by athletes and fitness enthusiasts to relieve soreness and improve performance. Additionally, it helps with skin rejuvenation, stress reduction and metabolic enhancement. CryoTherapy is a safe, efficient and non-invasive method to promote holistic health and longevity.

Duration: 3-5 minutes

₹3,000

INFRARED LIGHT THERAPY

Stimulate collagen production, reduce wrinkles, and rejuvenate your skin. This non-invasive treatment helps reduce fine lines, promotes healing, and enhances skin texture.

This therapy harnesses the power of infrared light to penetrate deep into the body's tissues, promoting relaxation, pain relief and cellular regeneration. Unlike traditional heat therapy, infrared therapy delivers warmth at a cellular level, improving circulation and reducing muscle stiffness. This non-invasive treatment is beneficial for detoxification, weight loss and skin rejuvenation. It also enhances cardiovascular health by improving blood flow and supporting tissue repair. Regular sessions help alleviate chronic pain, arthritis and fatigue while providing a soothing and therapeutic experience. Whether you seek muscle recovery or overall relaxation, Infrared Therapy is an excellent choice for enhancing well-being.

Duration: 20-30 minutes

₹3,000

INFRARED BODY WRAP

A full-body infrared wrap that promotes fat burning, detoxifies the body, and improves skin tone by stimulating circulation and metabolism.

An infrared body wrap is a wellness treatment that uses infrared light to heat the body, promoting various health benefits. During the session, infrared energy penetrates the skin, warming the body directly without heating the surrounding air, Followed by a Deep tissue massage. This method is believed to enhance circulation, aid in detoxification, and support weight loss efforts.

Potential Benefits:

- Calorie Burning and Weight Loss by increasing metabolic processes.
- Cellulite Reduction
- Improved Skin Tone through improved blood circulation.
- Detoxification through sweating.
- Muscle Relaxation and Pain Relief.

Duration: 60 minutes

₹4,000

CRYOSCULPT AND BODY CONTOURING

Freeze Fat & Sculpt Your Dream Body with Cryo Body Sculpting

Looking for a non-invasive way to tone and shape your body? Cryo Body Sculpting is the perfect solution! This cutting-edge treatment uses controlled cooling to target and eliminate stubborn fat cells, helping you achieve a slimmer, more sculpted appearance—without surgery or downtime.

How It Works:

Targeted Cooling: Fat cells are frozen at precise temperatures, causing them to break down naturally.

Gradual Elimination: Over the next few weeks, your body naturally flushes out the dead fat cells.

Visible Results: Experience a slimmer, more contoured shape with long-lasting effects.

Pricing as per number of probes required.

Beauty & Skin Optimization

CRYOFACIAL

Reduce puffiness, tighten skin, and boost collagen production with a cooling facial treatment that leaves your skin glowing and refreshed.

A cryofacial, also known as a cryotherapy facial, is a non-invasive, non-surgical skincare treatment that uses extremely low temperatures to promote various benefits for the skin.

Benefits:

Improved skin texture: Cryofacials can help improve skin texture, reducing the appearance of fine lines and wrinkles.

Reduced inflammation: The cold temperature can help reduce inflammation and promote improved circulation.

Increased collagen production: Cryofacials can stimulate collagen production, which can help improve skin elasticity and firmness.

Duration:30 minutes

₹1,999

LED LIGHT THERAPY FACIAL

Utilizing different wavelengths of light, this facial therapy targets acne, reduces wrinkles, and promotes skin healing. Ideal for rejuvenation and collagen production.

Benefits:

Red Light (Approximately 660 nm): Stimulates collagen production, enhancing skin firmness and elasticity, which can reduce the appearance of fine lines and wrinkles.

Blue Light (Approximately 415 nm): Targets acne-causing bacteria, helping to reduce acne outbreaks and improve overall skin clarity.

Yellow and Other Wavelengths: Various clinics, such as Cutis, utilize different wavelengths like yellow and ombre to reach varying skin depths, each eliciting unique skin responses

Duration:30 minutes

₹2,999

COLLAGEN BOOSTING FACIAL WITH MICRONEEDLING

Microneedling combined with nutrient-rich serums helps rejuvenate the skin by boosting collagen production. This treatment smooths wrinkles, scars, and enhances overall skin texture.

Benefits:

Collagen Production: Boosts natural collagen and elastin, improving skin texture and firmness.

Scar Treatment: Reduces the appearance of acne scars and other types of scarring.

Wrinkle Reduction: Minimizes fine lines and wrinkles, contributing to a more youthful appearance.

Skin Tone Improvement: Enhances overall skin tone and texture.

Duration:60 minutes

₹4,000

Custom Biohack Therapies

IV VITAMIN DRIP THERAPY

Replenish and recharge your body with customized vitamin drips to boost hydration, energy, immunity, or detoxification. Perfect for those needing a quick wellness reset.

Duration: 30-45 minutes

₹6,000

IV BOOSTER SHOTS

Boost your energy, immunity, and skin health with quick, nutrient-packed booster shots. Choose from Vitamin C, B12, Glutathione, or an energy-boosting blend.

Duration: 10 minutes

₹5,000

CRYO SPOT THERAPY

Localized cryotherapy to target pain, inflammation, or cellulite. Effective for spot treatment on muscles, joints, or skin areas requiring extra attention.

Duration: 10-15 minutes

₹3,500

COMPRESSION THERAPY

Relax and recover with state-of-the-art compression therapy that uses air pressure to massage and stimulate circulation. This treatment helps reduce swelling, alleviate muscle soreness, and improve recovery time after intense physical activity.

Advanced Compression Therapy is a powerful solution for injuries, inflammation and pain relief. This therapy improves blood circulation, enhances lymphatic drainage and accelerates muscle recovery. Using dynamic air compression technology, it delivers targeted pressure to limbs, reducing swelling and fatigue. Athletes and fitness enthusiasts benefit from its ability to speed up recovery times, while individuals with circulatory issues find relief from pain and discomfort. The therapy is customizable, offering varying pressure levels for optimal comfort and effectiveness. Whether used for post-workout recovery or chronic pain management, Compression Therapy is a non-invasive and highly effective wellness treatment.

Duration: 30 minutes

₹1,999

FOOT BALANCER

Proper foot alignment is the key to overall posture, balance, and well-being. A Foot Balancer procedure makes precise foot adjustments and rhythmic stimulation, which helps you move with grace, ease, and newfound vitality. The cutting-edge 3D foot scanning technology designs orthotic insoles that are precisely customized for your needs and foot structure.

The use of this foot balancer aligns your feet, eases strain on your knees, hips, and back, and boosts blood circulation. This comfort layer in the shoe gives arch support and balanced weight distribution to prevent excessive strain on muscles and joints and assists in the restoration of effortless movement. The body gets a comforting cushion through this therapeutic sole that helps to loosen muscles and increase flexibility. Better blood circulation and organ function aid sports professionals, gym goers, and wellness seekers to heal faster.

The body-balancing footbed is ideal for diabetic patients, as it helps prevent foot ulcers, supports those with nerve conditions by reducing foot strain, and benefits flat-footed individuals by providing arch support and stabilization for improved comfort and mobility.
